

Ultra Fast Broadband – Naked 200/200

Samsung Smart TV Offer

Offer Summary – 10 November 2017

Service Overview

Service Description

Ultra Fast Broadband 200/200 is a faster broadband service for residential customers.

When your house is connected to our network via a fibre optic connection, the throughput is both higher, and of a better consistency, than ADSL broadband. This means that fibre will deliver a faster speed.

The Ultra Fast Broadband 200/200 package we offer is:
Naked Ultra Fast Broadband – this is an Ultra Fast Broadband connection without a home phone line.

Availability

Ultra Fast Broadband is not available everywhere in New Zealand. Fibre is becoming available to more and more people and communities each day. To see if fibre is available to you, check your address at [click here](#)

Alternatively, you can check availability of services when signing up via our website or by calling our friendly team on **0800 87 87 87**.

Service Charge

Monthly Data Allowance:

Unlimited

Charge: With Power

(Includes Bundle Discount)

\$134 per month

Benefits:

- > Wireless modem included
\$14.95 postage and handling applies
- > Free transfer from your current internet provider

Samsung Smart TV Offer is only available to new residential customers who join Trustpower for power and broadband services at the same address on a 24 month contract. Customers joining on this offer will receive a Samsung 55" Smart TV (model UA55MU6100SXNZ). The TV will be ordered 14 days from the date of their confirmation letter, or when their broadband service is connected with Trustpower whichever is the later. Once the order for the TV has been placed, Trustpower's courier will be in contact to arrange delivery which may take 2-4 weeks.

Note: Customer cannot reduce their fibre speed during the term.

Additional Data Charges

With Unlimited data broadband, there will be no additional data charges.

Set Up Charges

Standard installation costs will be covered by Trustpower, however if you need additional in-house wiring installed, this will be charged to you.

If you cancel your Fibre services after the Local Fibre Company has commenced an installation process, but before your services are live, charges may apply.

Traffic Management

Trustpower customers on unlimited data plans are currently not shaped in any way. From a connectivity point of view, unlimited data plans are treated in exactly the same way as limited or capped plans.

Generally our peak traffic times are between 3:30pm and 11:00pm. Customers may experience congestion during these periods.

At peak times there may be congestion on the network however, we are always working to provide the best possible service we can

We do, however, reserve the right to apply traffic management policies to customers on unlimited data plans should this become required in the future.

Effects on other services

Your broadband service requires mains power to operate. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it, may stop working unless you have battery backup in your home.

This means services such as (but not limited to) Medical and Security Alarms or EFTPOS may stop working. It is your responsibility to check with the provider of existing services to make sure they will operate under such circumstances.

Other charges

Naked broadband does not have a landline, so there will be no calling or additional phone charges.

Disputes

At Trustpower, we value customer feedback and take care to address complaints.

For information about our customer complaints process please [click here](#)

Trustpower is a member of the Telecommunication Dispute Resolution scheme, a free independent service to help customers resolve disputes.
