

Ultra Fast Broadband – Naked FibreMax

12 Months Half Price Broadband Offer

Offer Summary – 5 September 2019

Service Overview

Service Description Ultra Fast Broadband FibreMax is a faster broadband service for residential customers. When your house is connected to our network via a fibre optic connection, the throughput is both higher, and of a better consistency, than ADSL broadband. This means that fibre will deliver a faster speed.

FibreMax provides speeds of between 700mbps and 900mbps download and 400 – 450mbps upload in optimal conditions. However actual speeds may vary and are affected by many factors which may be outside our control including the device you are using and its capabilities, the number of devices connected, your operating system and web-browser, and if you're connecting wirelessly to your modem.

The Ultra Fast Broadband FibreMax package we offer is:
 Naked Ultra Fast Broadband – this is an Ultra Fast Broadband connection without a home phone line.

Availability Ultra Fast Broadband is not available everywhere in New Zealand. Fibre is becoming available to more and more people and communities each day. To see if fibre is available to you, check your address at [click here](#)

Alternatively, you can check availability of services when signing up via our website or by calling our friendly team on **0800 87 87 87**.

Service Charge	Monthly Data Allowance:	Charge: With Power (Includes Bundle Discount)	Benefits:
	Unlimited	\$67.00 per month for the first 12 months then \$134.00 per month	<ul style="list-style-type: none"> > Wireless modem included (\$14.95 postage and handling applies) or choose to use your own modem > Free transfer from your current internet provider

The 12 Months Half Price Broadband offer is only available to new residential customers who join Trustpower for power and broadband services at the same address on a 24 month contract. Customers joining on this offer will receive the first twelve months of their chosen broadband plan at half price.

Note: Customer cannot reduce their fibre speed during the term.

--------------------	--

Other Information

Minimum Contract Period	There is a 24 month contract term for this Trustpower power and broadband plan. This term starts 14 days from the date of the confirmation letter or email, or when the broadband and power services have both been connected with Trustpower, whichever is the later.
Early Termination Fee	There is a \$250 exit fee which is payable only once during the Term if the bundle is broken by switching or terminating your power and/or broadband services. For more details click here
Notice Period	For information on our Terms and Conditions click here
Other Requirements	<p>The offer is only available to new residential customers who join Trustpower for power and broadband services at the same address. Minimum 24 month term for power and broadband. A \$250 exit fee applies if you switch providers during this term.</p> <p>Please note: The 12 Months Half Price Broadband offer is available in conjunction with certain other offers. Eligibility criteria and terms and conditions apply.</p> <p>For more details click here</p>
Traffic Management	<p>Trustpower customers on unlimited data plans are currently not shaped in any way. From a connectivity point of view, unlimited data plans are treated in exactly the same way as limited or capped plans.</p> <p>Generally our peak traffic times are between 3:30pm and 11:00pm. Customers may experience congestion during these periods.</p> <p>At peak times there may be congestion on the network however, we are always working to provide the best possible service we can</p> <p>We do, however, reserve the right to apply traffic management policies to customers on unlimited data plans should this become required in the future.</p>
Effects on other services	<p>Your broadband service requires mains power to operate. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it, may stop working unless you have battery backup in your home.</p> <p>This means services such as (but not limited to) Medical and Security Alarms or EFTPOS may stop working. It is your responsibility to check with the provider of existing services to make sure they will operate under such circumstances.</p>

Other charges

Naked broadband does not have a landline, so there will be no calling or additional phone charges.

Disputes

At Trustpower, we value customer feedback and take care to address complaints.
