

ADSL Broadband – Naked Offer Summary – 12 May 2022

Service Overview

Service Description ADSL is our standard broadband service. It's delivered over a copper line.
The ADSL offer we have is:
Naked ADSL – this is an ADSL broadband connection without a home phone line.

Availability Our ADSL Broadband services are available in almost all areas of New Zealand. As long as there are copper phone lines in your area and to your property, you will most likely be able to get broadband as well.
You can check availability of services when signing up via our website or by calling our friendly team on **0800 87 87 87**.

Service Charge	Monthly Data Allowance:	Charge: With Power	Charge: Without Power
	Unlimited	\$99 per month*	\$114 per month*

(The per month prices are shown after Trustpower's \$15 Broadband Bundle Discount has been applied. This applies as long as you keep an energy service with us.)

* The Service Charge is subject to change on 30 days' notice.

Additional Data Charges With unlimited data ADSL broadband, there will be no additional data charges.

Set Up Charges If you do not already have an active phone and/or broadband connection there is a connection fee (minimum connection fee \$63). If a technician is dispatched to the property or exchange in order to complete the connection there may be further charges up to \$263.53. Should additional non-standard work be required to complete your connection, a quote will be provided.

Broadband Performance

Performance

Factors that may influence your speed include the device you are using and its capabilities, your operating system and web-browser, if you're connecting wirelessly to your router, and the number of devices connecting via WiFi. For more information on factors that may influence your speed [click here](#)

You will need to supply your own router. Your router must meet the specifications for a router compatible with Trustpower's ADSL service. These specifications are available at www.trustpower.co.nz/BYOD-specs. Using a non-compatible router means you may not be capable of receiving the stated speeds for Trustpower's ADSL service.

See [Measuring Broadband NZ](#) for independent information on broadband performance across different providers, plans and technologies [click here](#)

Access Type

Your access type will be ADSL.

For more information about the different access types and speeds [click here](#)

Other Information

Minimum Contract Period

There is no minimum contract period on this plan.

Early Termination Fee

There is no early termination fee on this plan.

Notice Period

You can terminate the service on 5 Working Days' notice. For information on our Terms and Conditions [click here](#)

Other Requirements

Broadband Bundle Discounts

To be eligible for the Broadband Bundle Discount you must sign up for a broadband plan, as well as receiving power and/or gas from Trustpower.

Traffic Management

Trustpower customers on broadband plans are currently not shaped in any way.

From a connectivity point of view, unlimited data plans are treated in exactly the same way as limited or capped plans.

Generally our peak traffic times are between 3:30pm and 11:00pm. Customers may experience congestion during these periods.

At peak times there may be congestion on the network however, we are always working to provide the best possible service we can.

We do, however, reserve the right to apply traffic management policies to customers on unlimited data plans should this become required in the future.

Trustpower customers on unlimited data plans are not subject to a Fair Use policy.

Service Restrictions

Trustpower does not currently have any service restrictions.

Effects on other services

Your broadband service requires mains power to operate. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it, may stop working unless you have battery backup in your home.

If you are on Naked Broadband you will no longer have a dial tone. This means services such as (but not limited to) Medical and Security Alarms or EFTPOS may stop working. It is your responsibility to check with the provider of existing services to make sure they will operate under such circumstances.

Other charges

Naked broadband does not have a landline, so there will be no calling or additional phone charges.

Power and gas (if applicable) charges will apply for your energy services if you receive these through Trustpower.

Disputes

At Trustpower, we value customer feedback and take care to address complaints.

For information about our customer complaints process please [click here](#)

Trustpower is a member of the Telecommunication Dispute Resolution scheme, a free independent service to help customers resolve disputes.
