

Broadband with home phone – ADSL NEON or FAN PASS Content Offer Offer Summary – 15 November 2018

Service Overview

Service Description	<p>ADSL is our standard broadband service, it's delivered over a copper line. The ADSL offer we have is:</p> <p>An ADSL Broadband connection and Home Phone bundle.</p> <p>You'll get a landline for your phone as well as your broadband. The landline connects you to the public phone network so you can make local, national, international and mobile calls from your home phone.</p> <p>With your ADSL broadband you will have a variety of calling rates with Tolls free calling areas to choose from. For more details click here</p>		
Availability	<p>Our ADSL Broadband services are available in almost all areas of New Zealand. As long as there are copper phone lines in your area and to your property, you will most likely be able to get broadband as well.</p> <p>You can check availability of services when signing up via our website or by calling our friendly team on 0800 87 87 87.</p>		
Service Charge	<p>Monthly Data Allowance:</p>	<p>Charge: With Power (Includes Bundle Discount)</p> <p>\$94 per month</p>	<p>Benefits:</p> <ul style="list-style-type: none"> > Wireless modem included (\$14.95 postage and handling applies) or choose to use your own modem > Free transfer from your current internet provider
	<p>The NEON or FAN PASS Content offer is only available to new residential customers who join Trustpower for power and broadband services at the same address on a 12 month contract. Customers joining on this offer will receive their choice of either 24 months NEON or 12 months FAN PASS.</p> <p>Note: Customer must remain on our unlimited data ADSL broadband plan for the term. For more information click here</p>		
Additional Data Charges	<p>With unlimited data ADSL broadband, there will be no additional data charges.</p>		

Set Up Charges

If you do not already have an active phone and/or broadband connection there is a connection fee (minimum connection fee \$63). If a technician is dispatched to the property or exchange in order to complete the connection there may be further charges up to \$263.53. Should additional non-standard work be required to complete your connection, a quote will be provided.

Broadband Performance

Access Type

Traffic Management

Trustpower customers on broadband plans are currently not shaped in any way.

From a connectivity point of view, unlimited data plans are treated in exactly the same way as limited or capped plans.

Generally our peak traffic times are between 3:30pm and 11:00pm. Customers may experience congestion during these periods.

At peak times there may be congestion on the network however, we are always working to provide the best possible service we can.

We do, however, reserve the right to apply traffic management policies to customers on unlimited data plans should this become required in the future.

Effects on other services

Your broadband service requires mains power to operate. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it, may stop working unless you have battery backup in your home.

For phone services, if you have a corded phone which does not require AC power, this should work during power outages for some time.

If you are on Naked Broadband you will no longer have a dial tone. This means services such as (but not limited to) Medical and Security Alarms or EFTPOS may stop working. It is your responsibility to check with the provider of existing services to make sure they will operate under such circumstances.

Other charges

This Double Play Package comes with a landline. Your local calls are free.

Any calls made to national, international, mobile and 0900 numbers will be charged at their standard rate. We do have additional calling packages available for National, Mobile and some International destinations.

Additional charges may apply for items such as non-standard installations, additional in-home technician work performed at the time of connection etc.

Please see our Phone and Internet Terms and Conditions. For more details [click here](#)

Disputes

At Trustpower, we value customer feedback and take care to address complaints.
