

Ultra Fast Broadband Naked 100/20 – Samsung You Choose Offer Offer Summary – 22 November 2018

Service Overview

Service Description Ultra Fast Broadband 100/20 is a faster broadband service for residential customers. When your house is connected to our network via a fibre optic connection, the throughput is both higher, and of a better consistency, than ADSL broadband. This means that fibre will deliver a faster speed.

The Ultra Fast Broadband 100/20 package we offer is: Naked Ultra Fast Broadband – this is an Ultra Fast Broadband connection without a home phone line.

Availability Ultra Fast Broadband is not available everywhere in New Zealand. Fibre is becoming available to more and more people and communities each day. To see if fibre is available to you, check your address at [click here](#)

Alternatively, you can check availability of services via our website or by calling our friendly team on **0800 87 87 87**.

Traffic Management	Trustpower customers on unlimited data plans are currently not shaped in any way. From a connectivity point of view, unlimited data plans are treated in exactly the same way as limited or capped plans. Generally our peak traffic times are between 3:30pm and 11:00pm. Customers may experience congestion during these periods. At peak times there may be congestion on the network however, we are always working to provide the best possible service we can We do, however, reserve the right to apply traffic management policies to customers on unlimited data plans should this become required in the future.
Effects on other services	Your broadband service requires mains power to operate. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it, may stop working unless you have battery backup in your home. This means services such as (but not limited to) Medical and Security Alarms or EFTPOS may stop working. It is your responsibility to check with the provider of existing services to make sure they will operate under such circumstances.

Other charges

Naked broadband does not have a landline, so there will be no calling or additional phone charges.
